## What is MSDNAA?

The **Microsoft Developer Network Academic Alliance** (MSDNAA) provides faculty and students with the latest software (developer tools, servers, and platforms) from Microsoft for FREE or at a very low cost. Member departments may install the software on their lab machines for instructional and research purposes, and permit their faculty and students to install the software on their personal computers.

The program helps members to keep their labs, faculty, and students on the leading edge of technology. It is available to departments in technical areas such as computer science, engineering, and information technology at universities and community colleges worldwide.

## What is IMAGE?

IMAGE (formerly: e-academy License Management System) is a web-based software distribution and management application hosted by a company called **Kivuto Solutions Inc.** IMAGE enables eligible students and faculty to order MSDNAA software online. Because IMAGE is a self-serve web-based application, students and faculty can order (and optionally download) software from IMAGE 24/7 or from any computer which is connected to the Internet.

## 1.3 Complete the Registration Page

Complete the following fields on the form:

- Last Name:** Enter your last name  
**First Name:** Enter your first name  
**Username (GCC Student ID):** This will already be completed for you.  
**Do not change this field.**  
**Email Address:** Enter the **e-mail address** that you most frequently use. (You will receive product notifications and product keys at this e-mail address). Really, this is important.  
**Choose a password:** Enter a password of your choice.  
**Confirm password:** Retype the same password as above.

Make a note of the **Email Address** that you used. Your **Email Address** will be your **Username** to access all Microsoft software available through MSDNAA. Remember your password too!

Click the "**Register**" button.

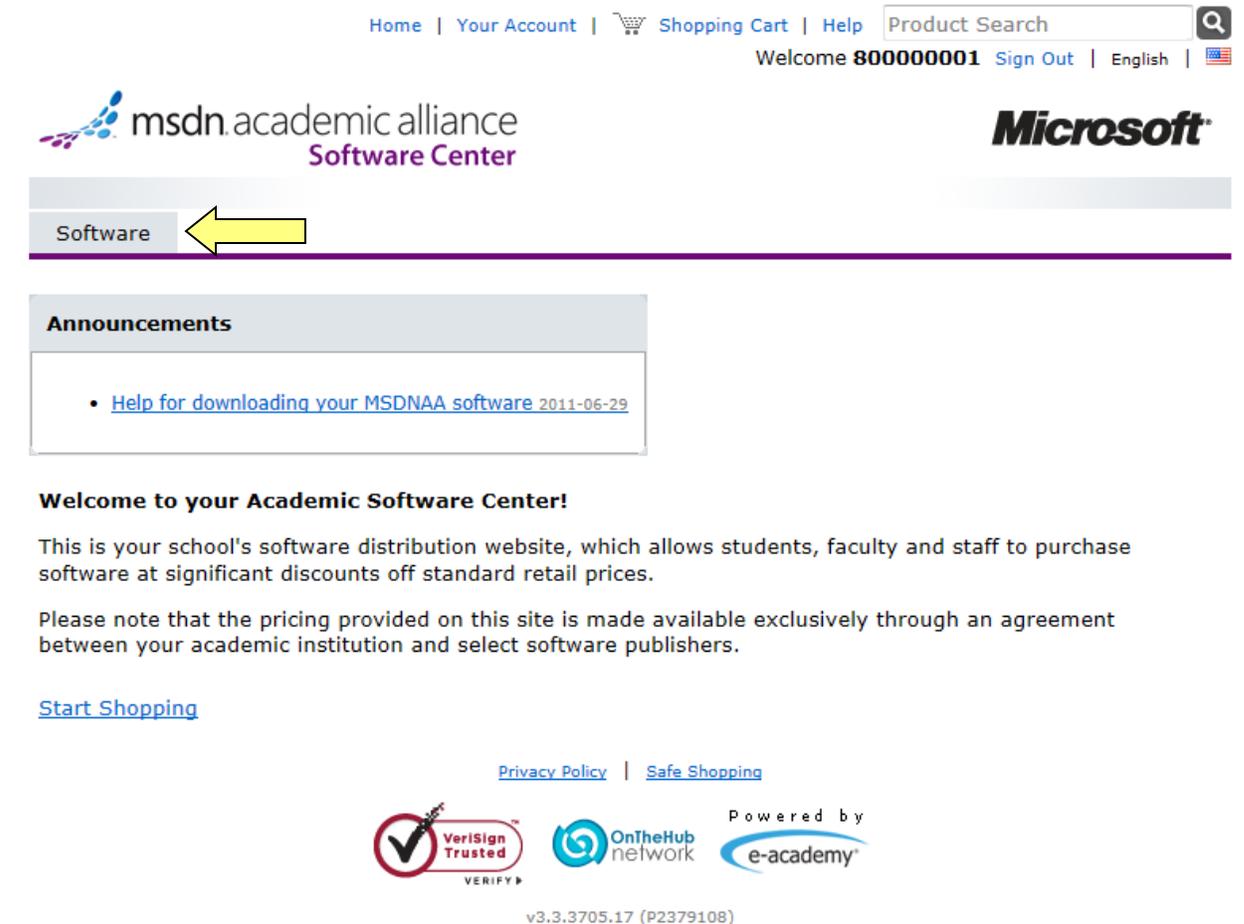

The screenshot shows a web form titled "Account Registration". It contains several input fields: "Last Name\*" with the value "Student", "First Name\*" with the value "Joe", "Username (GCC Student ID)\*" with the value "80000001", and "Email Address\*" with the value "JoeStudent@my.genesee.edu". There is a checkbox for "I would like to subscribe to receive information on the latest Microsoft events, updates, special offers, and more!". Below this are two password fields: "Choose a Password\*" and "Confirm Password\*", both containing masked characters (dots). A note states "Password must be at least six characters long." and "Must match the password above.". At the bottom of the form are two buttons: "Back" and "Register". A yellow arrow points to the "Register" button.

## 1.4 New User Log In Page

If your registration was successful, you will see the screen below. If your registration was not successful, you will receive an error message (usually listed in red type). Please read the error message carefully and resolve any issues.

Click on the "Software" button to begin browsing and ordering software (see section **3 Browsing and Searching Software** on **Page 11** below).

## 2.3 Problems Logging In?

If you receive a screen that looks like the following screen, you were not logged in and are not allowed to order software. Check the following items before you contact the program administrator:

- **Username** is your GCC Student ID.
- **Password** was entered correct. Make sure the “**Caps Lock**” key was not pressed accidentally.
- **IMPORTANT NOTE:** You must be currently registered for a qualifying **CSN** or **CIS** class at GCC. Once the semester ends you are no longer able to order software from MSDNAA. You can, however, continue to use software that you previously ordered under the terms and conditions of the license agreement.

## 3 Browsing and Searching Software

The first step in the ordering process is to find the software that you want to order.

The **navigation bar** on the left side of the screen allows you to do the following tasks:

- **Sign Out** Log out of the system to end your session.
- **Your Account** Changes the password you use to log in to this system. (See Section *Error! Reference source not found. Error! Reference source not found.* on Page **Error! Bookmark not defined.**)
- **Shopping Cart** Allows you to see the software you have in your "shopping cart". (See Section **7 View Cart** on Page 24)

### 3.1 Welcome Screen

After you **Log In**, you will see the following screen.

The screenshot shows the MSDN Academic Alliance Software Center interface. At the top, there is a navigation bar with links for Home, Your Account, Shopping Cart, and Help. A yellow box labeled "Navigation Bar" with an arrow points to this area. To the right of the navigation bar is a product search box and a user welcome message: "Welcome 800000001 Sign Out | English | [US Flag]". Below the navigation bar is the MSDN Academic Alliance logo and the Microsoft logo. A section titled "Announcements" contains a link: "Help for downloading your MSDNAA software" dated 2011-06-29. Below this is a "Software" section with the MSDN Academic Alliance and Microsoft logos. On the left side, there is a "Categories" sidebar with a list of software categories and their counts: Featured (2), Popular (12), Operating Systems (20), Developer Tools (51), Servers (46), Applications (30), Other (1), and All (144). The main content area is titled "Microsoft Corporation" and displays two software products: Microsoft Visio 2010 and Microsoft Access 2010.

## 3.2 Selecting Software

## 4 Ordering Software

Once you have selected the software you want to order, you need to add it to your "Shopping Cart" and then "Check Out".

### 4.1 Methods of Software Delivery

Depending on the software that you selected there may be several ways to acquire the software. Not all options are available for all software.

- **Product Key Only** Use this method if you already have the CD or DVD and just need a product key.
- **Download** This option allows secure software downloads over the Internet to student and faculty who can be either on or off campus. (Not available for all titles)
- **Mail/Shipping** This option allows students and faculty to purchase CD or DVD media on selected products in IMAGE with Visa or Master Card. Therefore you do not have to "burn" a copy of the CD-ROM if you want to keep it. **e-academy** will ship directly to the purchaser's home address. (Not available for all titles)

#### MSDN Academic Alliance --Student Use Guidelines

As a member of the MSDN Academic Alliance, the department in which you take credit courses is authorized to provide you with program software for use on your personal computers. To be in compliance with the MSDN Academic Alliance program requirements, you must follow these usage guidelines when using the program software on your computer. You must also agree to the terms of the MSDN End User License Agreement

.....

- The MSDN AA Site Administrator will maintain records of software downloaded from server or checked out, and will provide those records to Microsoft upon request.

#### Usage Guidelines:

- You may use the software for non-commercial purposes including instructional use, research and/or design, development and testing of projects for class assignment and tests or personal projects. You may not use the Program software for any for-profit software development.
- When you are no longer a registered student in a department that is a member of the MSDN Academic Alliance, you may no longer receive updates for your personal use computer. However, you may continue to use previously installed software on your computer, provided you continue to follow program guidelines.
- If you violate the terms of the License Agreement and EULA, the MSDNAA Program Administrator will demand confirmation of removal of the program software on your personal use computer.

## 9 Student Use Agreement

---

As a member of the MSDN® Academic Alliance (MSDNAA), the school in which you take credit courses is authorized to provide you with program software for use on your personal computer. You must agree to the MSDNAA usage guidelines listed below, the MSDN End-User License Agreement (EULA), and the MSDNAA License Amendment, as well as any conditions required by your school.

The MSDNAA program administrator for your school will maintain records of student use, provide aggregate data to Microsoft® upon request, and ensure full compliance with the program among users including students, faculty, and technical staff.

By installing, copying, or otherwise using the software, you agree to be bound by the terms of the EULA and the License Amendment. If you do not agree to be bound, do not install, copy, or use the software.

### **Installation Guidelines**

- You must be registered in at least one for-credit course within the member school to be eligible to load program software on your personal computer.
- Your school may either provide you with access to a download server or loan you a copy of the software on a temporary basis to install on your personal computer.
- For certain products, you may be given a product key for installing the software. You may not disclose the product key to anyone else.

### **Usage Guidelines**

- You may not give copies of loaned or downloaded software to anyone else. Other eligible students must obtain software using the method(s) set up by the MSDNAA program administrator.
- You may use the software for non-commercial purposes including instructional use, research and/or design, and development and testing of projects for class assignments, tests, or personal projects. You may not use MSDNAA software for any for-profit software development.
- When you are no longer taking credit courses in the member school, you may no longer obtain MSDNAA software. However, you may continue to use previously installed products on your computer, provided you continue to follow MSDNAA program guidelines.
- If you violate the terms of the EULA and the License Amendment, the MSDNAA program administrator will demand confirmation of removal of the program software from your personal computer.
